## New Phoenix Colored High School Building Is Dedicated At Sunday Ceremony

### CLASSES START WITH BEGINNING OF TERM TODAY

A new school, an important addition to the Phoenix school system, was dedicated at a ceremony held at the new Phoenix colored high school building, located at the corner of Grant and Madison streets, Sunday afternoon.

The building, designed by J. B. Caldwell, head of the school department of the city, is a two-story structure of brick and concrete, with a total area of 12,000 square feet. It is the first school building of this kind in Phoenix.

### Where Colored Students Will Study

The rapid growth of educational facilities for the colored children of the community is represented by the new Phoenix colored high school building, located at the corner of Grant and Madison streets. The school is the first of its kind in Phoenix.

### Another New Colored School

Educational facilities equal to those offered in the best of Phoenix grammar schools are available to the colored children of the city in the Phoenix school which occupies the first corner lot west on Grant street. Students of the first four grades of grammar school will register here today.

Classes in the new school will begin today. The building is a two-story structure of brick and concrete, with a total area of 12,000 square feet. It is the first school building of this kind in Phoenix.
